INTEGRATE

Feminine Vs. Masculine

KEY TAKE AWAYS:

- You need to integrate the masculine & feminine in order to manifest effectively. We all embody both of these energies.
- The ultimate creation formula is:
  - 1) Knowing your goals, wishes, or desire
  - 2) Managing your vibration, and
  - 3) Integrating your masculine & feminine energies
- You also have to abide by the 3 Universal Laws:
  - 1) To hack integration, have a firm grasp on your goals.
  - 2) You are rewarded as you move towards your heart's desires.
  - 3) As you "elevate," you tolerate less bullshit.

FORMULA

Hint: Journal any other ideas you have, and also discuss with your accountability buddy!

1

Goals

Week 2

Go back to Week 2 material. Look at the nine areas of your life that you've defined for goal-setting.

- [ ] Am I clear on my goals?
- [ ] Can I articulate my life trajectory in terms of the Penthouse concept?
- [ ] Can I verify that my goals are TRUE to my heart's desire? (Hint: they make you feel expansive, not restricted or pressured.)

2

Vibration

Week 1

Go back to Week 1 material. Check out David Hawkin's Vibrational scale chart.

- [ ] Did I first clear everything out that I've outgrown? (Things, people, etc.)
- [ ] Do I emotionally self-regulate? I.e., do I have a habit/routine that brings me stability?
- [ ] Do I recognize the state of "knowing?" (Hint: you manifest faster when you "know" or are "certain.")

Integration

Week 6

Go to the next worksheet to bring everything together and do an integration exercise!

INTEGRATE

Feminine Vs. Masculine - Continued

KEY TAKE AWAYS:

- Creation happens when opposing energies come together and create a chemical reaction.
- This is why we need to channel both feminine & masculine energies to create what we desire in life.
- There are moments when "pushing" (i.e., masculine) isn't going to get us desired results, therefore we have to let go (i.e., feminine). It's the same for other way around.
