THE HIGH PRIESTESS

Giving Your Voice Purpose

KEY TAKE AWAYS:

- Every piece of content should have a business purpose and a creative purpose
- The **business** purpose serves to lead to engagement (open, click, purchase, etc.) and often contains a CTA (call to action)
- The **creative** purpose serves to entice & engage the audience emotionally (hint: 4 suits!)

Pro tip:

- Any piece of content you make should have one of these three purposes
- To build an authentic **hook**, leverage your Magician profile – especially your HD type and 5th house!
  - Don't make the hook about YOU, make it about the customer!
- For **Goods**: numbers, duration, length, i.e., numerical specificity goes a LONG way

KEY TAKE AWAYS:

- You don't have to be exact and go overboard in checking off all the boxes - these are more "reminders" for yourself that every content should have an intention/purpose in order for it to be as effective as possible.
- You should already have your voice and broad/niche/relevance from prior modules, the rest is giving it more specificity get attention.
