PORTAL

Astrocartography

KEY TAKE AWAYS:

- You can use Feng Shui to work with your immediate environment, but you can also work with even greater energies by tapping into certain "portals" on Earth.
- The best way to identify portals is by examining 1) which area of life you want extra boost in, and 2) which places on Earth would give you that extra boost HAD you been born there.
- To accomplish this, use Astrocartography:
  - The "angles" amplify the planetary energy (AC, MC, DC, IC)
  - The 4 positive planetary energies are: Jupiter, Venus, Sun, and Moon.
  - The 2 negative planets to avoid are: Saturn and Mars.

PLANETS TO RESCUE

Hint: Week 2
Go back to week 2! Think back on the 9 areas of lives you've created. What are the top 4 priority areas? What supportive do you want to bring into that area?

♃	♀	☉	☽
Success **Luck**	**Romance** **Beauty** **Charm**	**Being seen** **Confidence** **Autonomy**	**Health** **Stability** **Self-Care**

1

Angles +	Category +	The energy I want to bring in this area =	Planet
AC	Core identity		
MC	Career		
DC	Romance		
IC	Home		

2

1. Follow along slides 11-13 in Week 4 Presentation to find your locations based on the **Angle x Planet** exercise above. For example, if career is priority, what did you write for MC (career?) Find your locations based on the benefic energy you want on your MC.
2. **Pro tip**: There won't be a "DC" or "DSC" label in the chart when you're looking at the relationship sector. Instead, you have to look at the "opposite" sign of what you're looking for. For example, if you have Venus in Cancer, look for "DC" in Capricorn (Capricorn is the opposite of Cancer).

PORTAL

Astrocartography - Continued

KEY TAKE AWAYS:

- This is where you have to believe first, before seeing it! Even if you cannot physically *be* at a place or *see* it, you can absolutely "channel" or "pull" energies from a location.
- This can be done through **activities** or by having an **alter**.
- Similar to the concept of "beautifying" one corner of your house, you can create an alter in your home that represents a "portal" to the part of the world you want to access.

CREATING THE PORTAL

WRITE YOUR CITIES!

AC	MC
DC	IC

Hint: Journal any other ideas you have, and also discuss with your accountability buddy!

ACTIVITIES

- Consume food from that part of the world (cook or dine out).
- Look up their **"lucky"** symbols, rituals, or superstitions.
- Listen to their music and/or look up musicians. Create a playlist!
- Connect with people (this one is VERY effective)
- Look up local organizations, groups, meet-ups, etc., where you can meet local people from that region.
- Create a bucket list to visit those places.

ALTERS

- There are lots of elaborate how-tos on creating alters. For example, check out this Venus alter method or Jupiter alter method.
- Personally, I think that as long as you honor the 1) element of that corner 2) is aligned with 9-star purpose, nothing is off limits.
- **Pro tip #1**: find the area of your home that is "negative" all around (i,e., 5 & 2). THIS is where you can introduce portals/alters from a different part of the world.
- **Pro tip #2**: you can amplify an already-positive area of your home. **For example**, if you have Jupiter on your Midheaven in Japan, in your money corner set up "Japanese" objects that are in harmony with the element of that corner. (Hint: lucky cat!)
